The terms of the agreement allow for the development, operation, and maintenance of an irrigated and turfed multi-use playing field and running track.

Kumeyaay Elementary School is located at 6475 Antigua Boulevard in the Tierrasanta Community. The Community has initiated the development of the existing 3.0 acre decomposed granite multi-purpose fields. Additionally, the Principal of Kumeyaay has committed \$50,000 in discretionary Prop. MM School Bond funds for site improvements in support of the joint use project.

The General Development Plan has been approved through the Park and Recreation Department approval process. **ADOPTION AGENDA, CONSENT ITEMS
RESOLUTIONS:**

* ITEM-101: Park and Recreation Grant Match Funding.

(City Heights, Skyline/Paradise Hills Community Areas. Districts-3 and 4.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2003-1133) Tb(CACTION Tb)

Authorizing the transfer from CIP-29-592.0, Keiller Neighborhood Park Playground, in the amount of \$10,992 from Fund No. 630221, to CIP-20-013.0, Park and Recreation Grant Match Fund No. 630221;

CITY MANAGER SUPPORTING INFORMATION:

This action authorizes the transfer of funding from two Capital Improvement Program accounts to the Park & Recreation Department Grant Match Funding CIP as follows:

In May 2002, the Park and Recreation Department Development Office submitted a competitive

grant application to the Federal Urban Parks and Recreation Recovery Program for the Keiller Neighborhood Park Tot Lot Upgrade Project. The grant was not awarded. This action transfers \$10,992 representing the City's required match for the unsuccessful grant request back to the Park and Recreation Department Grant Match Fund.

In June 2002, the Park and Recreation Department Development Office submitted a competitive grant application to the Federal Land and Water Conservation Fund Program for the 38th Street Canyon Park Development Project. The grant was awarded, and the City is required to provide \$272,960 matching funds for the \$272,960 grant. Previous Council action (R-296595) authorized \$50,960 City matching funds from the Park and Recreation Department Grant Match Fund.

At this time, the 38th Street Canyon Park Development Project has sufficient City funding to match the grant and to transfer \$41,000 back to the Park and Recreation Department Grant Match Fund.

CITY MANAGER SUPPORTING INFORMATION:

California Department of Housing and Community Development (HCD) is accepting applications for the Code Enforcement Grant Program (CEGP) by April 4, 2003. This new program provides grant funds to cities and counties for capital expenditures that improve the effectiveness of and supplement existing local funding for code enforcement programs related to housing code maintenance or compliance. The grant period is for three-years and amount per agency for that three year period cannot exceed \$300,000.

Neighborhood Code Compliance Department and Environmental Services Department have identified several capital assets, including equipment for lead analysis and lead removal, that qualify for this grant that will assist the City in providing effective code enforcement in substandard housing. This council action will allow the City to apply for, accept, and administer these grant funds.

Lead paint hazards are identified under California state law as substandard housing. This resolution will also allow the City to apply, accept, and administer additional grant funds for the elimination of lead hazards in housing.

FISCAL IMPACT:

There is no fiscal impact identified in the current fiscal year. The HCD, Code Enforcement Grant is for a three-year period for the purchase of capital assets only.

Directing the City Clerk to file a Notice of Determination [NOD] with the Clerk of the Board of Supervisors for the County of San Diego regarding the above project.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 12/11/2002, NR&C voted 4 to 0 to approve. (Councilmembers Zucchet, Lewis, Frye, and

Inzunza voted yea. Councilmember Madaffer not present.)

CITY MANAGER SUPPORTING INFORMATION:

Chollas Valley Trunk Sewer was constructed in 1940. It serves a drainage basin of about 1,900 gross acres in the Mid-City Community, plus the University Avenue drainage basin for the City of La Mesa. This existing 18- and 15-inch trunk sewer begins at the intersection of University Avenue and 60th Street and continues in a southwesterly direction, parallel to University Avenue, across private parcels, to Federal Boulevard. This trunk sewer is currently operating above its design capacity, not able to meet future demands and has limited access or no access to manholes for regular maintenance.

The advertisement and expenditure of \$10,955,120 for this project was approved by Council on April 22, 2002 (R-296369). Bids were opened on August 8, 2002. The lowest responsible bidder was Cass Construction, Inc. Their bid was below the engineer's estimate. The transfer of funds is needed because not enough funds were included for this project in the FY 2003 Capital Improvement Program budget.

FISCAL IMPACT:

The cost of this transaction is \$1,279,240.15, and funds are available in Sewer Fund 41506.

**ADOPTION AGENDA, CONSENT ITEMS
RESOLUTIONS:**

* ITEM-105: University Avenue Streetscape - Additional Funding.

(City Heights and North Park Community Areas. District-3.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2003-1121) Tb(CACTION Tb)

Declaring that the City Council finds and determines that construction of public improvements on University Avenue, between I-805 and Wilson Avenue, for which the Redevelopment Agency proposes to contribute funding, are of benefit to the City Heights Redevelopment Project; will assist in the elimination of one or more blighting conditions within the City Heights Redevelopment Project Area;

that no other reasonable means of financing the public improvements are available to the community; and that it is consistent with the Five Year Implementation Plan for the City Heights Redevelopment Project, as adopted and amended by the Agency pursuant to California Health and Safety Code Section 33490;

Authorizing the City Manager to accept funding in the amount of \$60,000 from Fund 98200 into CIP-52-462.0, University Avenue/Lincoln Avenue Two Way Couplet System, Fund 10259, City Heights Redevelopment Agency;

Authorizing a \$60,000 increase in Fiscal Year 2003 Capital Improvements Program budget in CIP-52-462.0, University Avenue/Lincoln Avenue Two Way Couplet;

Authoring the City Auditor and Comptroller to appropriate and expend \$60,000 from CIP-52-462.0, University Avenue/Lincoln Avenue Two Way Couplet System, Fund 10259, for the additional staff cost;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess funds, if any, to the appropriate reserves.

CITY MANAGER SUPPORTING INFORMATION:

This project provided for streetscape and other improvements on University Avenue between Herman and Wilson Avenues. For the purposes of coordination, work items from two projects were combined into one construction contract. The two projects were CIP-39-210.0 University Avenue Streetscape enhancements and the remaining phase of CIP-52-462.0 University/Lincoln Couplet. Pursuant to Resolution 294170, a construction contract was executed with Heffler Company, Inc. for construction of these improvements. The construction is now substantially complete.

During construction, additional work items were added to the project and some unforeseen conditions necessitated additional work by the contractor. The added items included curb ramp changes, the addition of colored sidewalk, sidewalk treatments, additional trees, irrigation sleeves, and other related work. The addition of these items depleted the project's contingency funding so that when subsequent unforeseen conditions (typically covered by the contingency budget of the project) were encountered, it then necessitated identification of additional funds. Since the additional work items were related to the redevelopment goals in the area, funds were identified by the Redevelopment Agency staff to cover the costs of this work and allow this project to be completed and closed out.

FISCAL IMPACT:

Upon acceptance of the Redevelopment Agency funds, funding for this action will be available from CIP-52-462.0. With this action, the total construction engineering cost will be \$494,455.36, with a revised total project cost of \$5,391,787.18.
